ANIMAL FEED MANUFACTURING

## COMPANY PROFILE

## Welcome to Khutsong Farm Feeds

### **Empowering Farmers, Nourishing Livestock**

#### **About US**

**Khutsong Farm Feeds** is a pioneering, female-owned business specializing in the production of high-quality, livestock feed. Located in Qalakheng Mohale's Hoek, the company focuses on providing sustainable, nutritious feed solutions tailored to both ruminant and non-ruminant animals. Our mission is to transform livestock nutrition with innovative, environmentally conscious products, promoting healthier livestock and sustainable farming practices.

# About Us

Khutsong Farm Feeds Pty Ltd is a proudly Lesotho-based agribusiness specializing in high-quality livestock feed production. Our mission is to provide sustainable, nutritious, and cost-effective feed solutions for poultry and other livestock, ensuring healthier animals and more profitable farms.

Founded on the principles of innovation, sustainability, and community impact, we utilize locally available raw materials to manufacture premium feed products that enhance livestock productivity while minimizing environmental waste.

## Our Vision

To become Lesotho's leading supplier of high-quality livestock feed, supporting farmers with reliable, sustainable, and affordable products that drive agricultural growth.

## Our Mission

- Enhancing animal nutrition through superior feed formulations.
- Supporting sustainable agriculture with eco-friendly production methods.
- Empowering local farmers by providing accessible and affordable feed solutions.

All feeds are made from sustainably sourced organic materials, ensuring livestock health while supporting environmental conservation.

Each pellet is fortified with a balanced mix of essential vitamins, minerals, and probiotics that improve digestion, boost immunity and lead to faster growth and higher yields

## Our Commitment to Quality

At Khutsong, we understand that the foundation of any successful farming operation is the nutrition provided to livestock. That's why our dedicated team focuses on developing organic feed products that are both nutritious and environmentally friendly. We take pride in our commitment to quality, with our products being certified, ensuring they meet the highest industry standards. This guarantees that our feed supports healthy livestock growth while adhering to strict safety and sustainability guidelines.

# Our Products and Services

We are committed to delivering high-quality, organic livestock feed that supports both animal health and environmental sustainability. Our products are specially designed to meet the nutritional needs of cattle, sheep, and goats, ensuring they thrive while contributing to sustainable farming practices. With a focus on innovation and quality, all of our feed are certified, guaranteeing the highest standards in the industry.

## Cattle Feed

Our cattle feed is designed to promote optimal growth, enhance milk production, and improve overall health. Formulated with a balanced mix of nutrients, it supports the specific dietary needs of cattle at all growth stages.

## Goat Feed

Our goat feed is specially formulated to meet the unique nutritional needs of goats, ensuring healthy growth and reproduction. This feed is rich in essential nutrients and energy, promoting overall well-being and productivity.

## Sheep Feed

Our sheep feed is crafted to support optimal health, wool production, and weight gain. Formulated with the right balance of nutrients, it helps maintain healthy sheep at all life stages, from weaning to breeding.

## Why Choose Khutsong Farm Feeds?

- Locally Produced & Affordable – High-quality feeds at competitive prices.
- Sustainable & Eco-Friendly – Reducing waste through responsible production.
- Expertise & Commitment – Backed by award-winning entrepreneurship and strong industry networks.
- Consistent Supply – Reliable feed solutions for farmers all year round.
